

# Admission process

Students holding at least one of the following degrees are eligible:

A validated Master 1 degree or a 4-year Bachelor's degree

A validated 3-year Bachelor's degree (limited to 30% of the cohort)

To apply, students must submit an online application on our dedicated platform. They will then be invited to take the emlyon business school digital tests.

## Step 1: Your application file

### Mandatory documents

- A resume
- A copy of an official valid identity card or passport
- A certified copy of your most recent academic degree
- A copy of your enrollment statement for applicants currently enrolled in higher education
- A certified copy of your transcripts from the first year of your undergraduate education until now

### Optional documents

- An official management aptitude test score: GMAT, GMAT Focus, GRE, TAGE MAGE, CAT
- An English proficiency test: TOEFL iBT, TOEIC, IELTS, Cambridge
- Recommendation letter(s)

## Step 2: Your digital tests

Once your online application file is complete and has been checked by the Admissions Department, you will be invited to go through a series of digital tests including cognitive tests and professional role-playing tests. These will always be linked with the program you're applying for and to the emlyon business school's early maker spirit. To find out more about these tests, you can contact your Program Advisor.

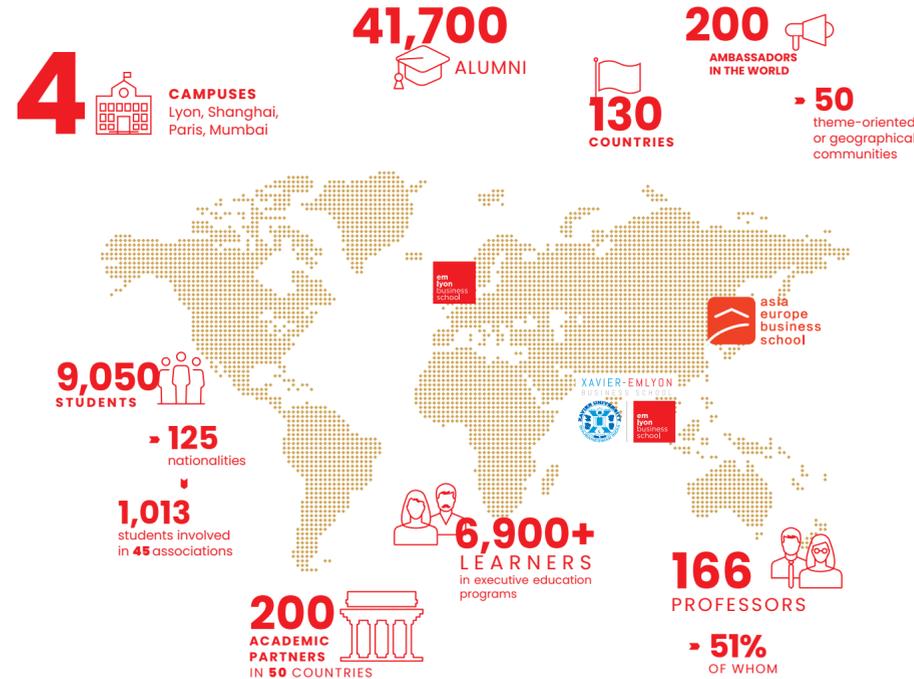

## Application fee

The application fee for the 2024 intake is set at €120, payable directly by credit card through the online application system.

# emlyon business school community

emlyon business school is a private institution for higher technical education which is approved by the state - December 2023 - non-contractual document - photo: R.Etienne - J. Logoutte - iStock - PCA-Stream. printed on recycled paper

emlyon business school

**Early makers since 1872**  
A notion of teaching geared towards initiative and decision making. The early makers signature teaching style is the driving force behind the school's pedagogy: demanding standards, experience, experimentation, and the entrepreneurial ethos, all to boost students' capacity for action. This learning takes tangible form in various physical locations:

- The makers' labs: prototyping with Fab, makers' project factory, bootcamps, etc.
- Incubator, Accelerator
- Library

## Globally-ranked business school

Founded in 1872, emlyon business school is a globally-ranked institution and among the 1% worldwide to hold a triple accreditation by AACSB, EQUIS and AMBA. It is internationally renowned for its academic excellence which uniquely positions it, hereand now, combatting in the issues and challenges of the 21<sup>st</sup> century.

**2<sup>nd</sup>**

# We support you every step of the way

As students, you will have access to the best learning environments, unparalleled professional opportunities, the ability to access and build a worldwide network, and even activities that contribute to your health and well-being: **emlyon business school possesses a multitude of services to accompany you and support you throughout your studies.**

## Career Center

The Career Center offers a comprehensive range of support services to guide and support you, from your arrival at **emlyon business school** up to three years after you have graduated. The aim is to construct and carry out your career plan, consolidate the skills developed through the academic teaching received at **emlyon business school**, guide and support you, and prepare you for recruitment and the professional world.

## International Student Support (ISS)

The International Student Support serves all incoming and currently enrolled international students at **emlyon**. Outgoing students who intend to study, work, or intern abroad can also contact the ISS for advice on visas, work permits, or insurance options. It assists students in maintaining their legal status in France, provides support for their dependents, and promotes interaction with and integration into the **emlyon** community. We hope that you will make the ISS your first stop whenever you have questions relating to your immigration status, but also when you are looking for information regarding your life in France or even if you just need someone to talk to.

## emlyon alumni network

It is absolutely essential today to build industry connections. With the **emlyon business school** alumni network, every student becomes a member beginning on their very first day and continuing on throughout their professional career. This is a valuable advantage for building your network and enjoying a range of services even before you graduate.

## Makers' labs

Makers' labs are spaces devoted entirely to creativity, innovation and learning by doing. There, you'll find the machines, materials and electronic components you'll need for rapid prototyping, along with a team of experts to provide guidance and support with not only the methodology of managing innovative projects but also the technical aspects. By fostering interaction among its various users, makers' labs help establish a culture of innovation through practice.

## Inclusion and accommodations for disabilities

A dedicated team is in charge of providing support and personalized guidance for anyone with a disability, whether temporary or permanent, or suffering from an incapacitating medical disorder. Our team is available for questions and concerns at [handicap@em-lyon.com](mailto:handicap@em-lyon.com)
